Campaign

# OVER-ARCHING THOUGHT

Tagline:

## Pragati Ki Awaaz

Sub-head

**RUGR, banking for Bharat**

Hashtag:

#TheFinTechOfBharat

**De-briefing the campaign thought:**
Rooted in the idea of shared progress, the campaign speaks to both banks and merchants.

**Pragati Ki Awaaz** - *The Voice Of Progress* - represents not only last-mile reach for businesses, but also a deeper message for banks—that RUGR stands for collaboration beyond contracts, focused on sustainable growth and nation-building.

RUGR™
THE FINTECH OF BHARAT

Campaign

# PLAN PROPOSAL

We can look at creating an awareness about RUGR with **influencer marketing** and the use of digital assets with a mix of **digital ads**.

## Target Audiences for the First Quarter of 2026:

### FOR BANK DECISION-MAKERS

We can use this film to target only on **specific platforms** like **LinkedIn**, **Tier 1 cities**, **YouTube Ads** with different targeting to reach the right stakeholders in order to get awareness.

RUGR™
THE FINTECH OF BHARAT

RUGR™
THE FINTECH OF BHARAT

Phase 1

# 1st FEB’26

## LEVERAGING OUR DIGITAL FILMS

During the **Union Budget Discussion’26, 1st Feb’26** we can collaborate with a prime new channel to showcase this particular digital film, which has around - **3.8 Million + views**.

**Re-purposing the current digital film, to Amplify the reach, and get attention from the right stakeholders about the brand with an emotional connect.**

We can use Gopal sir’s voice over and a short video clips from this video and highlight with last mile rural India's clips of how RUGR has helped them.

RUGR™
THE FINTECH OF BHARAT

Phase - 1

# 4th - 30th FEB'26

## INITIATING THE BUZZ

We can initiate a strong POV from our thought leader's **LinkedIn** account on the below topic:

**From Transactions to Trust — How Budget 2026 Can Strengthen Banking Infrastructure?**

Continuing to this in collaboration with an influencer we can get the influencer to comment on the thought leader's POV, that:

**"Your work towards Digital Bharat is phenomenal, I would love to know more, about it. We should definitely catch up for a podcast on this."**

ANKUR WARIKOO

PRANJAL KAMRA

RUGR™
THE FINTECH OF BHARAT

Phase - 1

# PODCAST

## INITIATING THE BUZZ

1

### Guess the influencer

We only release a small catchy random but fun video of only Mr. Gopal and the voice of the influencer with whom Mr. Gopal will be interacting and let the audience guess what's going on.

To keep the audience guessing on what's cooking.

2

### 15 sec Teaser

The shot Podcast can with the influencer can then be used as a teaser on **Meta and LinkedIn** handles of RUGR.

3

### 20 sec Snippets

The podcast can further be promoted with 20 seconder **2-3 snippets** on POV of the thought leader with the influencer.

**Then the Final launch of the full fledged Podcast on all the social media platforms. However for YT we can only use the snippets and not the full podcast video due to copyright issues once the influencer posts on YT.**

RUGR™
THE FINTECH OF BHARAT

Phase - 2

# 1st - 31st MAR'26

## BUZZ TO BELIEF

**#DigiBankingDecoded**

Based on the Union Budget Discussion'26, which will be trending among individuals and bank decision makers, we can have a **series of 4 episodes** based on our **relevant fintech niche topic** by our thought leader, which can be posted every week on **Meta, YouTube** and **LinkedIn** handles of both RUGR and the thought leadership handle.

**Topic 1** What changes the Union Budget Discussion has brought for merchants?

**Topic 2** Why merchant banking holds importance for Digital Bharat?

**Topic 3** How Digital banking will be affected with this Union Budget Discussion? Things you should know.

**Topic 4** How MSME's will see the impact of this Union Budget Discussion'26? Things you should know.

RUGR™
THE FINTECH OF BHARAT

Phase - 3

# 1st - 30st APR'26

## CAMPAIGN SUSTAINANCE

We can create a testimonial video of **Unity Bank's CXO** and **Jana Bank** and to showcase it on our **LinkedIn** and **YouTube** handles.

### YouTube Lead Gen Ads & Search Ads:

Have separate Landing page with lead form, CTAs, USPs, client testimonial, and reasons to believe to generate leads.

# DIGITAL ADS

## AWARENESS

# WEBSITE

Since the website will the first touch point for the business owners / decision makers, it is important for us to get this right.

| | |
|---|---|
| 01 | Current Scenario |
| 02 | Defining Parameters |
| 03 | Points to be addressed in website |
| 04 | Why is it important? |
| 05 | Website structure |
| 06 | Way Forward Recommendations |

RUGR™
THE FINTECH OF BHARAT

Website - SEO Preparedness

# CURRENT SCENARIO

1. To get the marketing aspects set in place, we will need to first get the current website prepared for the incoming leads after the marketing activities start.

2. The website has to be made **SEO prepared** in order to start the SEO activities for the website, currently the website is not user friendly and is unstructured for SEO activities.

3. It is important to get the first point of contact for businesses which is the **website** to be structured right in order to continue with the ongoing marketing activities.

RUGR™
THE FINTECH OF BHARAT

**Website - SEO Preparedness**

# DEFINING PARAMETERS

Understanding the SEO Hygiene Checks

For a website to be **SEO friendly** it is important to understand what are the website parameters that define the SEO strength of the website.

**Experience - UI / UX** ---------- P1

**Expertise - Content** ---------- P1

**Authoritativness - Domain authority / Page authority**

**Trustworthiness - Secured connection**

Other important SEO Parameters

# POINTS TO BE ADDRESSED

rugr.com

## 1/5

### Website Structure

The current website structure is **not at par with the industry niche**.

## 2/5

### User Friendly

The website is currently not user friendly, lacks in **page loading speed** and consists of no CTAs / contact forms.

## 1/5

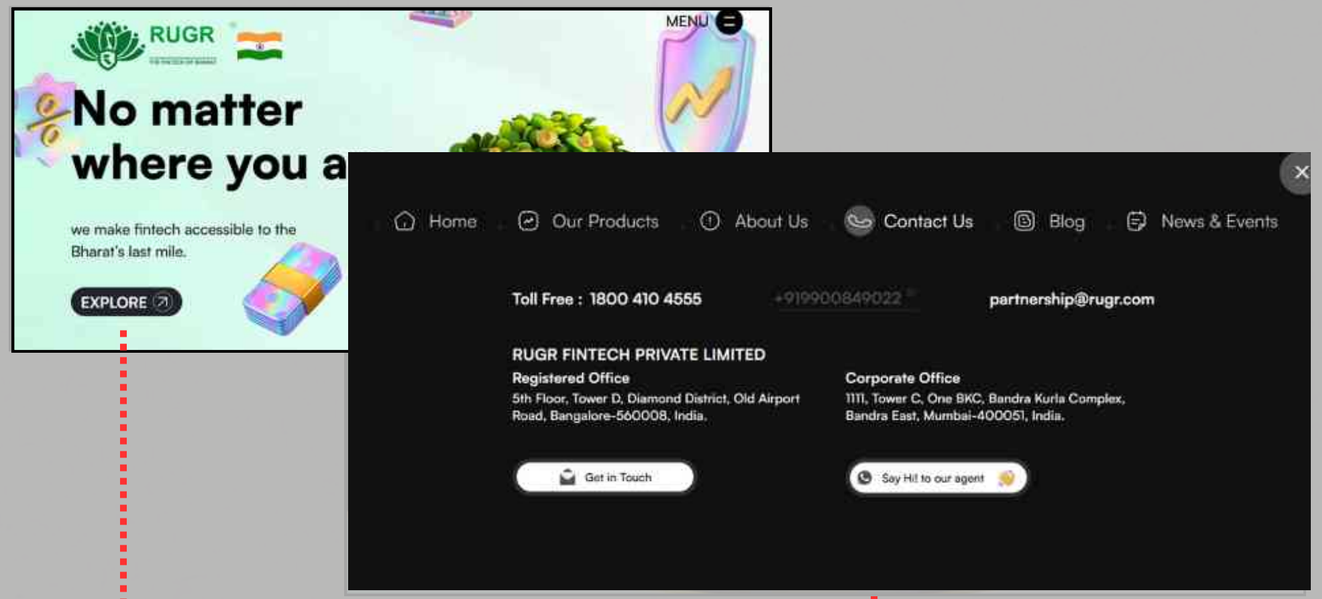
### Mobile friendly

As our target audience is decision makers, it is important to focus on the mobile friendly.

Other important SEO Parameters

# POINTS TO BE ADDRESSED

rugr.com



**No contact form.**

**Button on the homepage is not redirecting.**

## 1/5

### Website Structure

The current website structure is **not at par with the industry niche**.

## 2/5

### User Friendly

The website is currently not user friendly, lacks in [illegible] of no CTAs / contact forms.

## 1/5

### Mobile friendly

As our target audience is decision makers, it is important to focus on the mobile friendly.

RUGR™
THE FINTECH OF BHARAT

Why is it important?

# SIGNIFICANCE OF THIS

SEO preparedness

## 1
### Improve User Retention

The **more time user spends** on the website, the **more** the possibility of capturing the **lead**.

## 2
### Reduce Bounce Rate

Fixing broken links, loading issues, etc, will help in reducing the bounce rate.

## 3
### Contact Forms

Having a **contact forms** will help in capturing leads and **remarketing** in the further marketing initiatives.

## 4
### Content Re-writing

The website content **currently speaks to regular customers** and we **need to** change the tonality to **appeal to the decision makers**.

RUGR™
THE FINTECH OF BHARAT

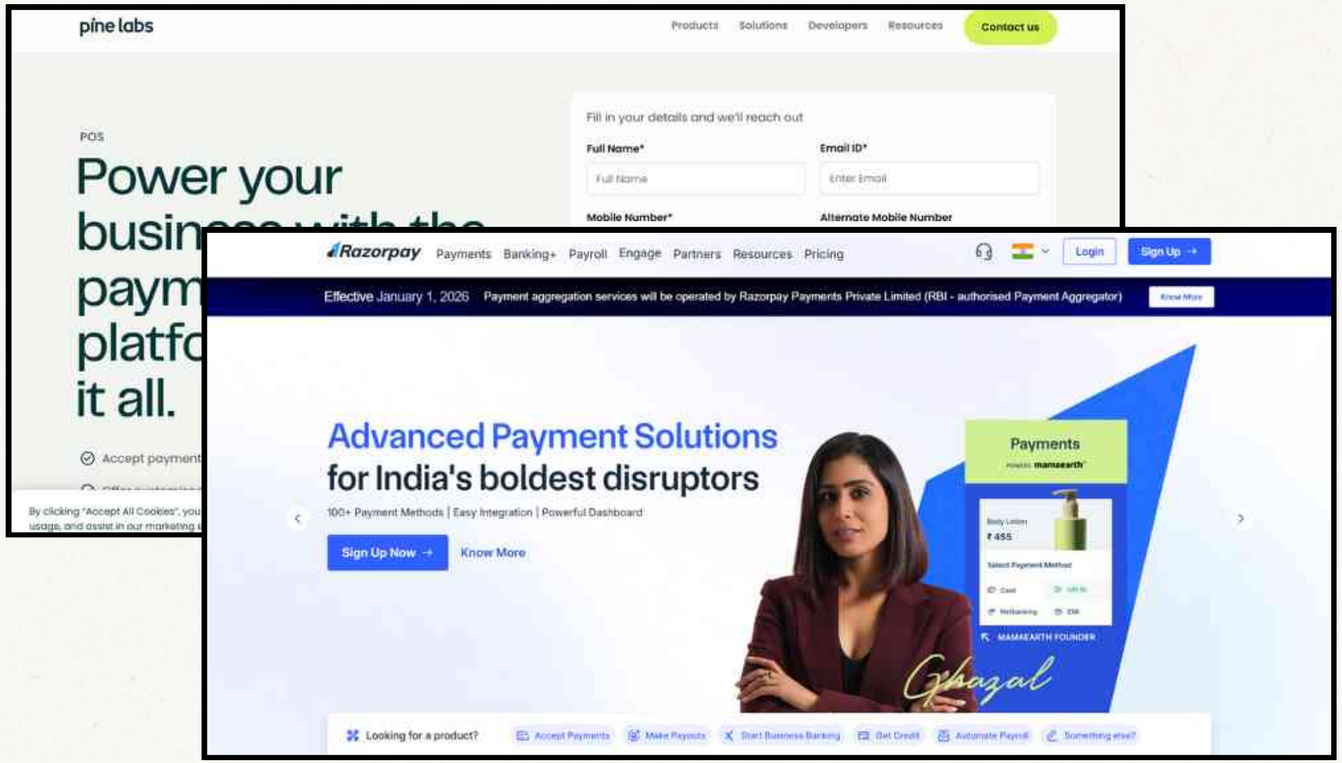
The ideal website design should have

# WEBSITE STRUCTURE

For SEO preparedness

**Let’s view the same industry niche websites**

PINE LABS



RAZORPAY

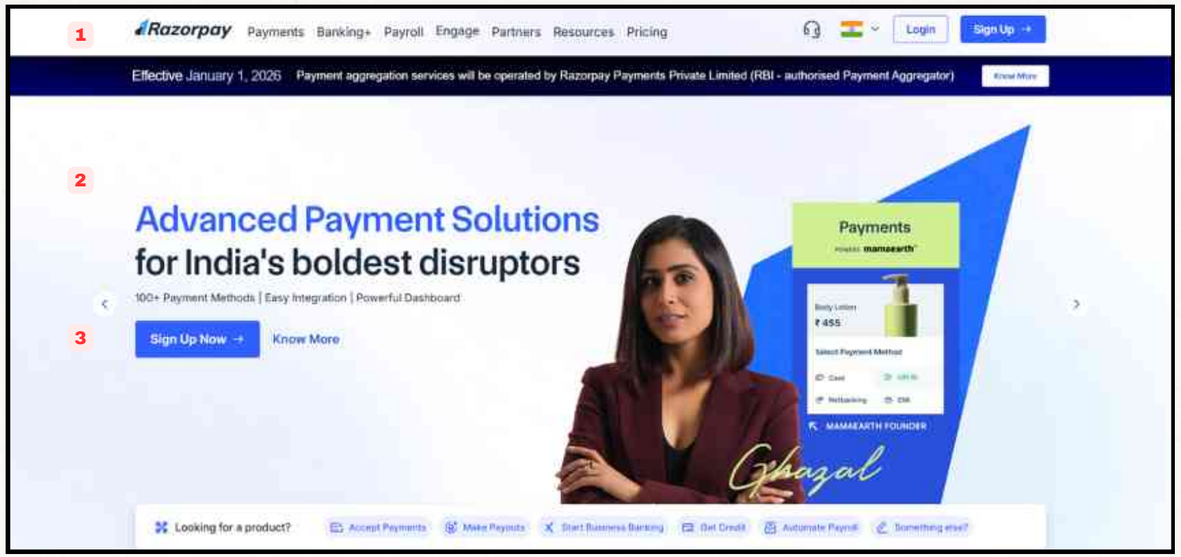
RUGR™
THE FINTECH OF BHARAT

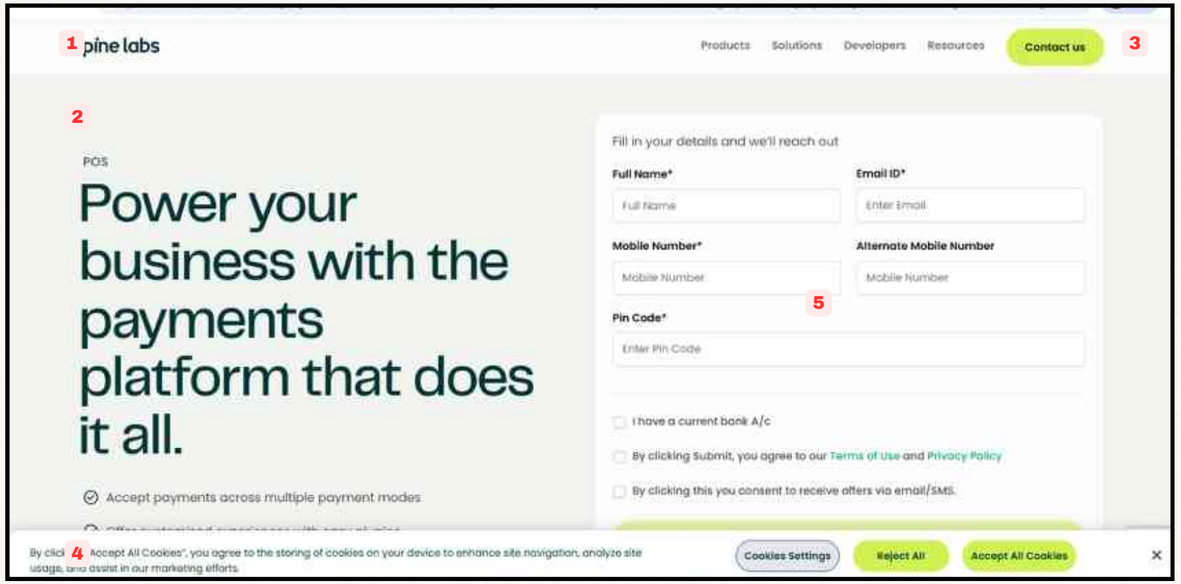
The ideal website design should have

# CORE ESSENTIALS

1. Clear Navigation Bar on the top
2. Short & Crisp communication on the banner
3. Clear Call - to - action buttons
4. Website cookie policy
5. Contact Us Forms

## RAZORPAY





## PINE LABS

RUGR™
THE FINTECH OF BHARAT

The ideal website design should have

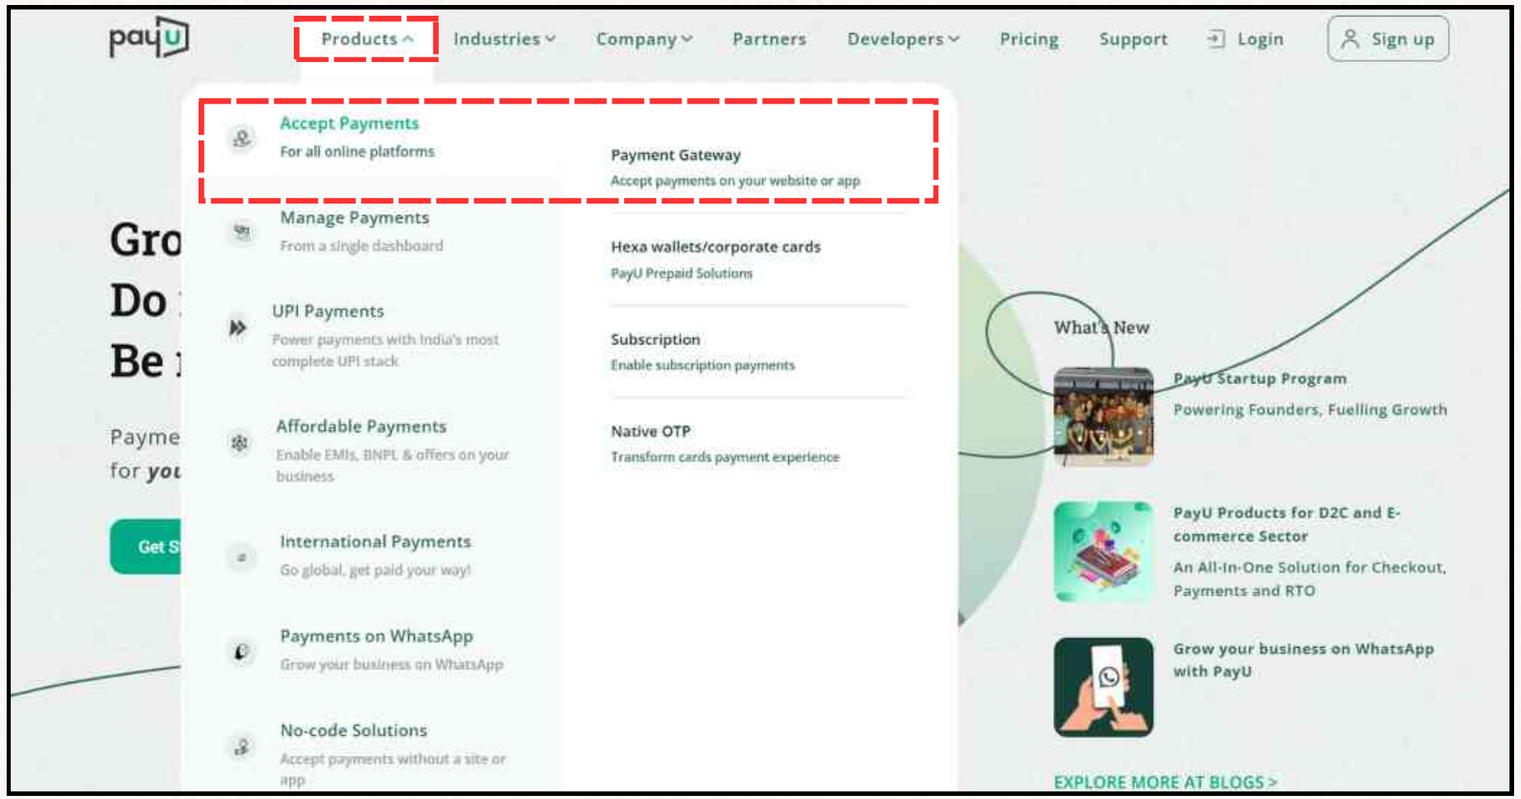
# HOMEPAGE FLOW

1. Header - Navigation Bar, Banner
2. Client Collaborations
3. Products Showcase
4. Product USPs - clear pointers like seamless integration, end to end support.
5. How our products helped the bank to ease their life.
6. Contact Form

PAYU

The ideal website design should have

# PRODUCT PAGE FLOW

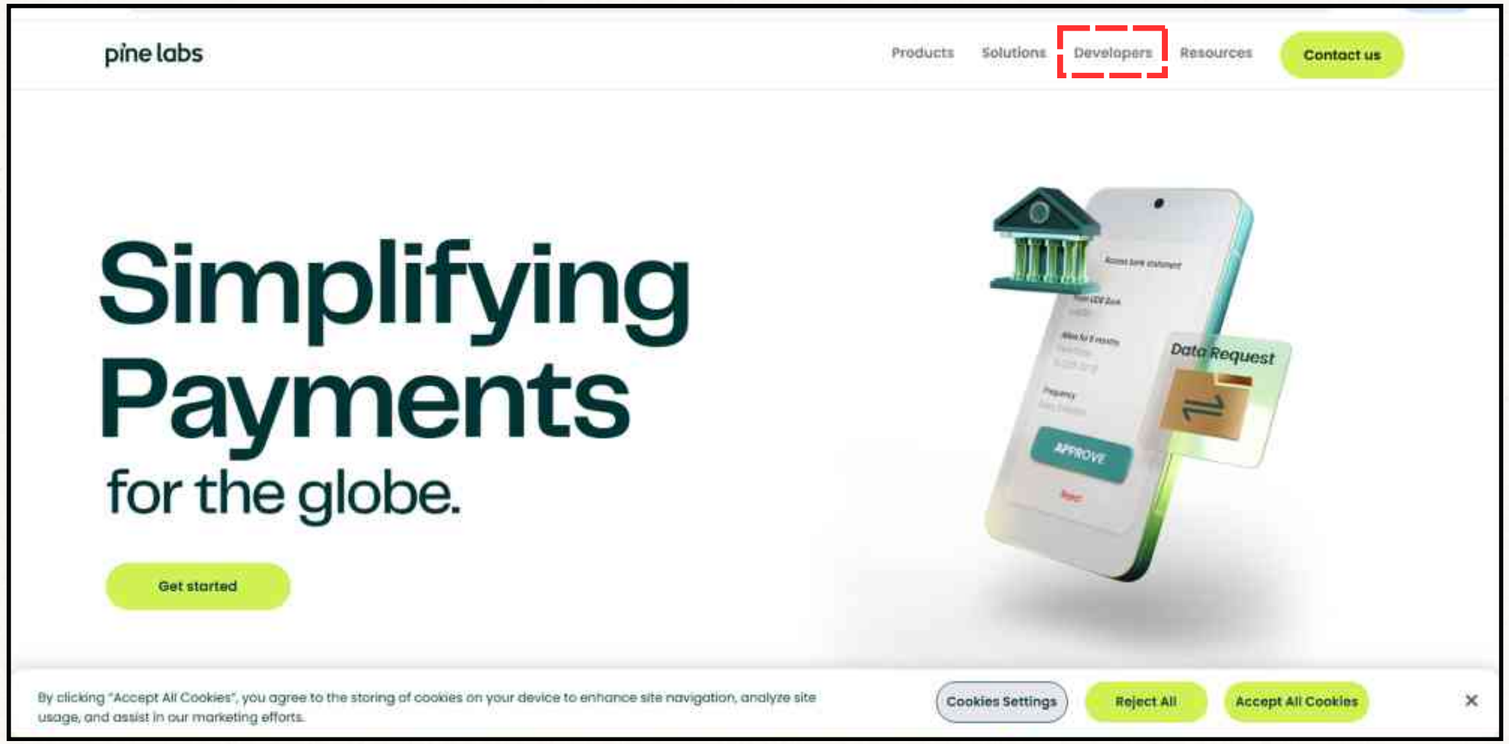


**Products** section will have to be categorized into broad categories which further need to have separate product page for each product for a better flow of website and also, in SEO aspects it is important to have a separate product page under broader categories.

RUGR™
THE FINTECH OF BHARAT

The ideal website design should have

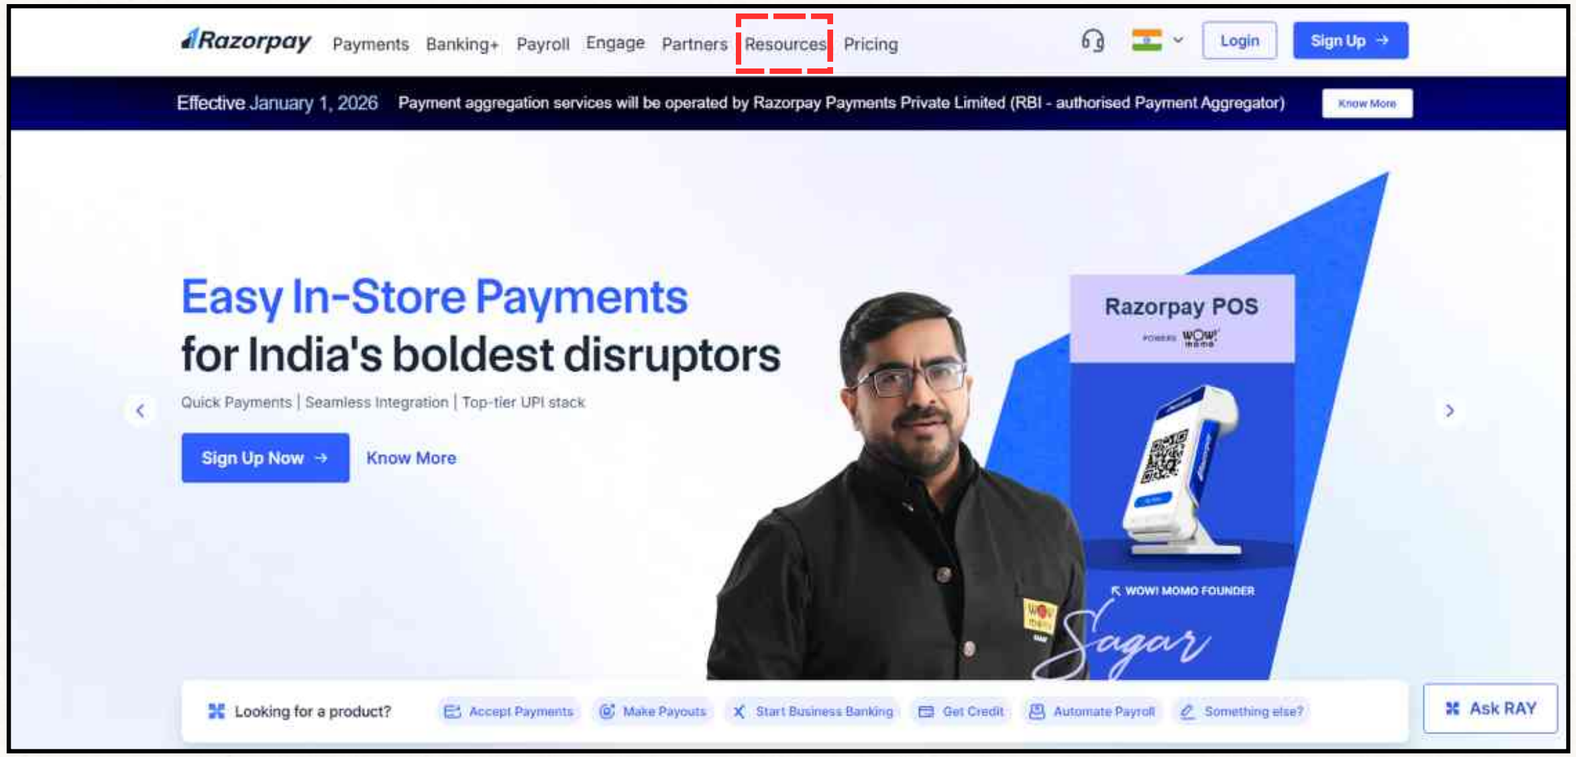
# ABOUT PAGE



**About Us** page should be built separately, in order to include the vision and mission with the thought leadership team and their LinkedIn profiles for a better reach.

The ideal website design should have

# RESOURCES PAGE



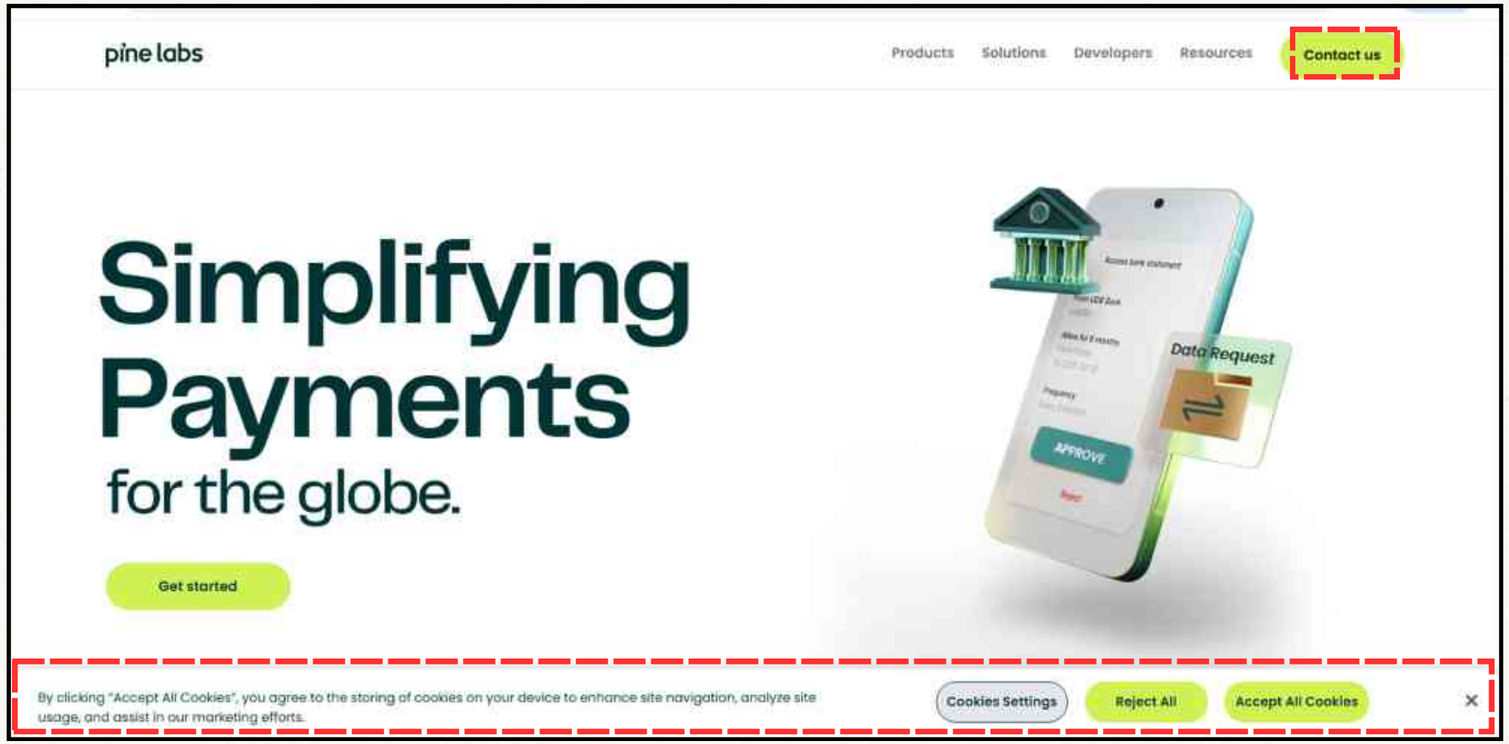
**Resources** page should be built separately, with the below categories:

1. Blogs
2. Use Cases
3. Newsroom

RUGR™
THE FINTECH OF BHARAT

The ideal website design should have

# CONTACT US & COOKIE POLICY



A clear **Contact Us** form, with the below fields:

1. First Name
2. Second Name
3. Email Address
4. Organization

**Cookie policy,** also needs to be implemented in the website.

RUGR™
THE FINTECH OF BHARAT

Measuring website health & performance

# WEBSITE HEALTH & KPI - TOOLS

*It's recommended for the website to be hosted on **WordPress** with an integration of **Yoast SEO**.

For understanding the website health and KPIs better I will need the access to the below tools:

1. **Google Analytics - t**o understand user behavior
2. **Google Search Console -** for measuring website health
3. **SEM Rush -** for keyword research
4. **WordPress Back End -** for content updation on the website

RUGR™
THE FINTECH OF BHARAT

MEASURING SUCCESS

# KPI FRAMEWORK

NORTH STAR METRIC

**Qualified demo requests from Tier 1 bank decision-makers — the single number that tells us if Q1'26 worked.**

REVIEW CADENCE

- **Weekly** — Paid campaign performance review
- **Monthly** — Organic, SEO & overall funnel review
- **End of Q1** — Full strategy retrospective & Q2 planning

| Phase | Goal | Metric | Target |
|---|---|---|---|
| **Phase 1 · Feb** | Awareness | Digital film views (YouTube + LinkedIn) | **50,000+** |
| **Phase 1 · Feb** | Reach | LinkedIn impressions (organic + paid) | **1,00,000+** |
| **Phase 2 · Mar** | Engagement | Podcast snippet shares / saves | **500+** |
| **Phase 3 · Apr** | Lead Gen | **Demo requests / contact form fills** | **25–30 leads*** |
| **Phase 3 · Apr** | Pipeline | Qualified leads passed to sales team | **10–15 leads*** |

***Conversions** here will be defined by the **demo sessions booked** by a bankingdecision-maker — not a purchase.

RUGR™
THE FINTECH OF BHARAT

TRACKING & TOOLS

# KPI TOOLS & WAY FORWARD

## TOOLS REQUIRED FOR MEASUREMENT

1. **Google Analytics 4**
   User behaviour, session tracking & goal completions
2. **Google Search Console**
   Website health, impressions & keyword rankings
3. **LinkedIn Campaign Manager**
   B2B ad performance, CPL & decision-maker reach
4. **Meta Ads Manager**
   Awareness campaign reach, CPM & engagement
5. **SEM Rush**
   Keyword research, domain authority & SEO health

## Q1 FUNNEL SUMMARY

| | |
|---|---|
| TOP OF FUNNEL · FEB<br>Awareness — Views & Impressions | 50K+ |
| MID FUNNEL · MAR<br>Consideration — Website & Podcast | +30% |
| BOTTOM FUNNEL · APR<br>Conversion — Demo Requests | 25–30 |

## WHAT SUCCESS LOOKS LIKE

- ✓ Bank decision-makers booking demos organically after seeing content
- ✓ LinkedIn thought leadership posts getting comments from banking professionals
- ✓ Website bounce rate reducing as CTAs and contact forms go live
- ✓ Sales team receives 10–15 warm, qualified leads by end of April

**IF CTR < 1% ON LINKEDIN ADS**
Test new ad creatives — switch from static to video format ads

**IF DEMO REQUESTS < 10 BY APR 15**
Activate LinkedIn Instant Forms & Direct Message campaigns immediately

**IF WEBSITE BOUNCE RATE > 70%**
Prioritise landing page redesign before scaling any paid ad spend further
