Retire100

NPS Product Launch

Digital Marketing Campaign

From 0 → 90+ monthly conversions in 6 months

By Megha Kottapalli | iDigitalise

Market Position & Competitive Landscape

New Entrant

Retire100 was new to market with limited brand recognition among target audiences.

Stiff Competition

Established players like Ditto & Growww had already captured significant market share.

Untapped Opportunity

NPS was underserved by banks — a first-mover advantage waiting to be seized.

Services offered: Health Insurance • Mutual Funds • NPS (National Pension Scheme)

First-Mover NPS Campaign

A 7-stage integrated digital marketing approach

1

Brand Awareness

Boosting & traffic campaigns via social media to grow brand presence

2

Google Ads Setup

GTM configured to track clicks and leads end-to-end

3

Keyword Strategy

Analysed high search-volume keywords; locked optimal terms

4

Meta Campaigns

Launched Meta ads within ₹5L budget for lower CPL & CAC

5

Lead Capture

Began receiving leads; identified junk lead issues early

6

Optimisation

Refined phrase-match keywords; cut irrelevant spend

7

Scale & Results

60 conversions/month by month 5; targeting 90–120 by month 6

Platforms & Tools Used

Google Ads

Search campaigns targeting high-intent NPS keywords with phrase & exact match optimisation.

Meta Ads

Facebook & Instagram campaigns chosen for lower CPL within ₹5L starting budget.

Google Tag Manager

GTM setup tracked every click-to-lead touchpoint for accurate conversion attribution.

Campaign Analytics

Continuous dashboard monitoring to identify wasted spend and refine keyword targeting.
